Bookmark File PDF Solve Inequality And Graph

Solution When you're solving an absolute-value inequality that's greater than a number, you write your solutions as or statements. Take a look at the following example: $|3x - 2| > 7$. You can rewrite this inequality as $3x - 2 > 7$ OR $3x - 2 < -7$. You have two solutions: $x > 3$ or $x < -5/3$. In
