China challenge: shaping the choices of a rising power. By ...

The China Challenge by Thomas Christensen is something of a master stroke, deftly identifying and recounting modern Sino-American relations, their associated problems, and approaches to solve them. Much effort is given to understanding China, China's Rise, and what that means for the United States.

The China Challenge: Shaping the Choices of a Rising Power ...

The China Challenge shows why China is nowhere near powerful enough to be considered a global "peer competitor" of the United States, but it is already strong enough to destabilize East Asia and to influence economic and political affairs worldwide. Despite China's impressive achievements, the Chinese Communist Party faces enormous challenges.

The China Challenge: Shaping the Choices of a Rising Power ...

by Robert Matthew Shines , January 8, 2016. GRI's Robert Shines reviews Thomas J. Christensen's latest book, "The China Challenge". Shines argues that holes exist in the author's main thesis. In "The China Challenge: Shaping The Choices of a Rising Power", author Thomas J. Christensen makes the argument that, in order to convince China to become a responsible stakeholder globally, the U.S. needs to use a hybrid strategy of deterrence and assurance.

The China Challenge shows why China is nowhere near powerful enough to be considered a global “peer competitor” of the United States, but it is already strong enough to destabilize East Asia and to influence economic and political affairs worldwide. Despite China’s impressive achievements, the Chinese Communist Party faces enormous challenges.

The China Challenge: Shaping the Choices of a Rising ...

The China Challenge is outstanding, a must-read for anybody interested in China, American foreign policy, or global affairs more generally., The rise of China is one of the prime challenges for American foreign policy.

The China Challenge : Shaping the Choices of a Rising ...

Abstract: Many see China as a rival superpower to the U.S. and imagine the country’s rise to be a threat to U.S. leadership in Asia and beyond. Arguing against this zero-sum vision, The China Challenge describes a new paradigm in which the real challenge lies in dissuading China from regional aggression while encouraging the country to contribute to the global order.
