Spanish for Health Worktext is designed to meet the needs of medical professionals who want to learn Spanish. This book is ideal for those who work in hospitals, private medical practices, or volunteer associations and communicate frequently with Hispanics or Spanish speakers. Accurate translations of medical terms, diagrams, and recent articles on hepatitis and AIDS are included.

If you really want to learn Medical Spanish, there is no better workbook for doing so. Medical Spanish: A Workbook changes all the rules: no boredom with baffling memorizations, no confusion with conjugation after conjugation, and no thinking so much that you just can't get the words to come out of your mouth. This workbook makes learning simple and efficient. Once you master its concepts and content, the words and phrases will flow naturally. You will be able to take a history, perform a physical exam, provide a diagnosis, and implement and explain therapy. Pair it with Medical Spanish: An Audio Companion, Volumes 1 and 2, and you will become nearly fluent in Medical Spanish. Make yourself a far better medical practitioner. And receive tons of gratitude from your Spanish-speaking patients.

Part of the Spanish at Work series, this communicative, needs-based approach to language learning is designed to help professionals or pre-professionals in one of the many areas of health care. Designed for beginning language students (no prior knowledge of Spanish is assumed), for whom success in the field is vitally important, Spanish for Health Care prepares students to use real-life language on the job--immediately.

This book is designed to help doctors, nurses, and medical assistants communicate in Spanish with Latino patients and their families who have little or no command of English. Fully updated text includes the addition of vocabulary for informing families about patients' medical care or death; instructing patients on how to navigate online forms; a sample disclosure and consent form in both Spanish and English; and a new section on working with medical interpreters. Every Spanish word in the book is followed by its phonetic pronunciation. The book also provides easy-to-follow tips on understanding colloquial spoken Spanish. Author William Harvey concentrates on words and phrases likely to be used in a medical setting. True-to-life dialogues dramatize situations pertaining to pregnancy, broken bones, pediatric care, heart and lung diseases, pharmacy prescriptions, and much more.

This book will be a valuable resource for nurses and other healthcare professionals who deal with Spanish speaking patients. It is a guide that contains the key and most frequently used healthcare terms. It will also be useful for Spanish speaking nurses who want to have a better communication while interacting with English speaking healthcare professionals.About the AuthorFor more than 25 years, Jos é Luis Leyva has been a translator and interpreter in various technical areas, including the healthcare industry. His vast experience in bilingualism has allowed him to interpret for Presidents, Latin American and US governors, ambassadors, CEO's, judges, prosecutors, forensic experts and healthcare professionals. He is also the author of other books, including technical terminology books of specialized industries.

Drawn from the successful "Basic Spanish Grammar," 6/e, and accompanying career manuals, "TheBasic Spanish Series" offer a flexible, concise prologue to Spanish grammar and communication. The series has been enhanced and updated to better address the needs of today's students, pre-professionals, and professionals who need a working knowledge of Spanish. The core text, "Basic Spanish," provides the essential grammatical structures needed for communicating in Spanish. The six worktexts, "Basic Spanish for Getting Along, Basic Spanish for Business and Finance, Basic Spanish for Medical Personnel, Basic Spanish for Law Enforcement, Basic Spanish for Social Services," and "Basic Spanish for Teachers," are communication worktexts that encourage students to use and practice the grammar learned in "Basic Spanish." The worktexts present realistic situations a student will encounter in everyday life when needing to communicate in Spanish as well as a variety of authentic workplace situations likely to be encountered by professionals, with attention to specialized vocabulary of each profession, dialogue completions, role-plays, and realia-based activities. "The Basic Spanish Series" offers flexibility for an array of academic, professional, and adult education settings. "Basic Spanish" can be used independently or with any combination of the six worktexts. "Basic Spanish" combined with "Basic Spanish for Getting Along" is ideal for an Introductory Conversation course, while combining the text with any of the career-specific worktexts serves students, pre-professionals, or professionals who need a working knowledge of the language in a short period of time. A comprehensive supplementspackage enhances the program and offers students and professionals helpful tools for developing their language skills outside of the classroom. "Early introduction of essential communicative concepts" enables students to begin speaking immediately."Chapter-opening spread" orients and organizes students by previewing the chapter's "Objectives, Structures, and Communication;" highlighting a different Spanish-speaking country, with a profile in English and a map; and providing a legend of icons that indicate additional resources available with the program."Clear, concise grammar presentation" lists the grammar topic in English and Spanish, followed by explanations in English, language models in Spanish with translations and charts, and "Vamos a practicar" exercises for reinforcement of the material."Practical vocabulary presentation" contains lists of chapter vocabulary clearly divided into the following categories: Cognates, Verbs, Adjectives, and Other Words and Expressions--all containing translations with the exception of cognates."Cuanto sabe usted ahora? self-tests" offer assessment opportunities after every five lessons. Answers on the ClassPrep CD give instructors the option to cover the answers in class or provide students the answers so they can monitor their own progress."Para escuchar y entender section" reinforces listening through two types of audio exercises "Practica" (grammar exercises) and "Que dicen?" (listening comprehension). "End-of-lesson activity" provides practice of the active vocabulary introduced in each lesson, in the "Palabras y mas palabras" (words and more words), followed by "En estas situaciones," a pair/group activity that encourages students to applystructures and vocabulary learned in the lesson."Communicative activities" encourage practice of the grammar points through role-plays and group situations.
